

Delivering Compliance in the Cloud™

Enhance reporting accuracy and limit disputes by proactively sharing spend data with your HCPs and HCOs

The Solution is the MediSpend® Notification Center

Protect valuable relationships with customers, key opinion leaders, researchers and speakers while saving your organization time, money and headaches.

The MediSpend® Notification Center provides a secure communication channel between health care professionals and your organization, facilitating efficient resolution of questions and disputes on State and Federal reportable spend.

- Integrates with MediSpend® or any aggregate spend solution
- Notifies HCPs of reportable spend information through a free online portal
- Facilitates proactive tracking and response to HCP inquiries with system wide audit trail
- Provides a channel for direct communication between your organization and HCPs
- Alleviates HCP frustration related to reporting discrepancies
- Prevents hundreds or thousands of incoming disputes by phone or email
